**Funding Amount:** FY 20: \$5,000

**Completion Date:** September 30, 2021

**Project Description:**

Baja SPA standard certification has been supported for many years as part of the MOC between CalEPA, USEPA, SEMARNAT and SPA. The MOC includes a clause for CARB to support SPA with calibration of their flow and ozone standards. Funding would be for contractor certifications on certain equipment, staff time for in house certifications, and shipping of equipment.
